

ECGS QHSE policy

Issue/Update: 01/00

Issue date: 01/04/2021

Update date:

Egyptian company for Gas services (ECGS) is a highly efficient provider for the technical and consultation services in offshore and onshore fields that supplies all oil, gas and petrochemicals industrial facilities. It undertakes to develop and deliver high quality services, in accordance with the following strategic directions:

1. Complying with all applicable legal and regulation requirements. Also, the international and local standards requirements.
2. Maintaining and continually improving the effectiveness of QHSE management system.

To reach these goals, **ECGS** pursued a scientific approach through the development of QHSE Management Systems consistent with the requirements of standards specifications **ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018** in terms of coordinating work, raising efficiency, the provision of human and technical resources, and training systems necessary to achieve the development and continuous improvement of the service quality, safety and environment.

ECGS developed targets to measure the effectiveness process of QHSE to be reviewed and updated annually with the Policy to ensure the professionalism of the operations implementation for customers as a result of accurate and long experience of the company.

Creating a suitable environment for the development and achievement of QHSE objectives according to the context of the organization and its strategic direction.

ECGS is committed to follow the QHSE procedures for employees, suppliers and customers. It is also committed to legislation and laws of the HSE, secure the means of HSE for all activities of the company, prevention of pollution and prevention of illness, injury, accidents and fatality and illumination of hazards to be reviewed periodically to create healthy and secure working environment for the company workers.

Furthermore, **ECGS** is committed to consultation and participation of workers in OH&S issues.

So, **ECGS's** top management asks all employees to apply the QHSE Management System in all activities as well as to develop good performance and continual improvement of QHSE and put the full customer satisfaction in mind and make every effort to achieve **ECGS** objectives.
